

School Subscription Terms and Conditions

If you have been given access to a School Subscription (being a subscription for your entire primary, intermediate or secondary school accessible through a nominated IP address) then the following terms and conditions apply in addition to the [Terms & Conditions](#) for Digital Subscriptions, NZME Network Website [Terms of Use](#) and [Privacy Policy](#) (together, the **School Terms of Use** – all available [here](#)). Users who are granted access to the content under your School Subscription (**Users**) are required to comply with the School Terms of Use, and you are liable for any breach of the School Terms of Use by your Users.

School Use: Further to the ‘Use’ clause of the Terms & Conditions for Digital Subscriptions: Users may access and read the content for education purposes in the course of their role with the school being given a School Subscription. Such use does not extend to copying, publishing, transmitting or storing the content, or in any circumstances using the content for commercial purposes. If you wish to use the Content beyond your Users accessing and reading the content (for example, copying and distributing clips of the content within or outside your organisation including on social media platforms) then you will need to seek an appropriate licence through the PMCA (Print Media Copyright Agency – www.pmca.co.nz) in order to do so. In the future, NZME may decide to make changes to the School Subscription Programme which may mean the service is no longer available. If this occurs, we will provide participating schools with at least 14 days’ notice of those changes.
